

Climate Justice Action

Structures for Change !

15. – 17. August 2018
at the
**Rhineland
Climate Camp**
(11.-22. August),
close to Cologne,
Germany

Structures Skill Sharing

If we want climate justice to become reality, we need to not only do more actions, act faster and better, but also: reflect upon how we do it. This is why at the last CJA (Climate Justice Action) meeting in January we decided to organise a structure meeting:

We invite climate justice groups from different places to join us, to ask questions, discuss and find answers:

- How can our groups grow bigger? How to be inclusive and transparent?
- How do we take decisions? What are different experiences concerning decentralised decision making, consensus, etc. in small and big groups?
- Why do people leave our groups? Are we too complex, too time-consuming? Do we exclude people with children?
- How do we solve conflicts?
- How do we care for each other and ourselves? Is the care work visible and appreciated?

15. – 17. August 2018
at the Rhineland Climate Camp (11.-22. August), close to Cologne, Germany

More information and registration here:
climatejusticeaction.net/en/
